## **Program:**

### **14:30 – 15:45**

1. presentation of the SwissITHACA network application and the status in the kosek evaluation process
2. short introduction of present (in presence or online) members and participants
3. discussion of organisatory issues (e.g. communication, website presence of members, email-lists)
4. overview on European Reference Network ERN ITHACA and activities

### **15:45-16:15: coffee break**

### **16:15-17:30**

5. Developing the content of SwissITHACA (active brainstorming and discussion of all participants), e.g.
  - burning issues and needs from the perspective of the members, particularly patient organisations/support groups
  - discussing 1-2 topic centered educational meetings per year (covering both multidisciplinary health care and patient perspectives)
  - discussing topic centered workgroups
  - further ideas/varia
